

Pharmacology 1

Which of the following is not a side effect of the cholinoreceptor blocker (Atropine)?

- B
- Increased pulse
- Urinary retention
- Constipation
- Mydriasis

Which of the following is not a side effect of the Ace Inhibitor (Captopril)?

- D
- Rash
- Angioedema
- Cough
- Congestion

Which of the following is not a side effect of the Vasodilator (Nifedipine)?

- D
- Nausea
- Flush appearance
- Vertigo
- Sexual dysfunction

Which of the following is not a side effect of the Sympathoplegics (Clonidine)?

- B
- Hypertension
- Asthma
- Dry oral cavity
- Lethargic behavior

Which of the following is not a side effect of the Diuretics (Loop diuretics)?

- B
- Alkalosis
- Nausea
- Hypotension
- Potassium deficits

Which of the following is not an effect of the drug (Isoflurane)?

- A
- Elevated lipid levels
- Nausea
- Increased blood flow to the brain.
- Decreased respiratory function

Which of the following is not an effect of the drug (Midazolam)?

D

Amnesia

Decreased respiratory function

Anesthetic

Dizziness

Which of the following is not an effect of the drug (Clozapine)?

D

Agranulocytosis

Antipsychotic

Used for Schizophrenia

Increased appetite

Which of the following is not treated with (Epinephrine)?

A

Renal disease

Asthma

Hypotension

Glaucoma

Which of the following is not treated with (Ephedrine)?

A

COPD

Hypotension

Congestion

Incontinence

Which of the following are not treated with Barbiturates?

B

Seizures

Hypotension

Insomnia

Anxiety

Which of the following are not treated with opioid analgesics like (dextromethorphan and methadone)?

C

Pulmonary Edema

Cough suppression

Sedation

Pain

Which of the following are not treated with Hydrochlorothiazide?

C

CHF

HTN

Nephritis

Hypercalciuria

Which of the following are not treated with Nifedipine?

D

Angina

Arrhythmias

Htn

Fluid retention

Which of the following are not treated with Methotrexate?

D

Sarcomas

Leukemias

Ectopic pregnancy

Rheumatic fever

Which of the following are not treated with Prednisone?

B

Cushing's disease

Testicular cancer

Lymphomas

Chronic leukemias

Which of the following are not treated with Dexamethasone?

D

Inflammation

Asthma

Addison's disease

Wilson's disease

Which of the following are not treated with Lansoprazole?

C

Zollinger-Ellison syndrome

Gastritis

Hypertension

Reflux

Which of the following is the antidote for the toxin Heparin?

A

Protamine

Methylene blue

N-acetylcysteine

Glucagon

Which of the following is the antidote for the toxin Copper?

D

Glucagon

Aminocaproic acid

Atropine

Penicillamine
